Subject: RE: PAIR: Request for re-association and/or re-submission for Customer No. 24961

Judy,

Applications 09030571, 09601970, 09887496, 09905405, and 09957194 are all now associated with Customer Number 24961. Please let me know if you are still unable to view any of these in Private PAIR.

* < Regarding the change of filing date for the 09030571 CPA, please contact Customer Service for Technology Center 1600 at 703-308-1235.

Per the direction of Patents management, the EBC no longer processes change of address forms. Please use form PTO/SB/122 for future Customer Number reassociation requests. The Technology Center staff will enter the change in PALM/PAIR, and the paper will be matched to the application file. This way, the correct correspondence address will be available both electronically and with the physical file, significantly reducing the possibility of mailing errors.

Thanks very much for your patience with our ever-changing processes.

Happy holidays!

Mary

Dear Mary,

Further to our conversation last week, the following five applications are no longer valid in PAIR under the subject Customer No. and appear to fall into that "override" category created when Change of Address notices are submitted to the PTO.

I have provided a portion of the file history that shows events surrounding or necessitating the Changes of Address transmittals and PAIR status. Again, being unaware of the PTO's procedure, it was not Stephanie Seidman's (Attorney of Record) intent to be identified by the
